2026 : Celebrating the Easter of St Francis

2026 is a very important year for all the Franciscan family when we celebrate 800 years since the birth into eternal life of our Holy Father Saint Francis. In contemporary society, we rarely think about death, not only because it reminds us that we are limited creatures, but also because it exposes the false security we get from believing that we are masters over time and life. Francis of Assisi, on the other hand, welcomed Sister Death with song, because he understood that death is not the termination of everything but the end that allows us to enter full communion with God. The celebration of the 800th anniversary of the Easter of Francis of Assisi invites us to contemplate our life, both personally and as a Franciscan Family, with the eyes of faith, and by doing so, perceive the divine presence and action in everything, even in the difficult and dramatic situations we have experienced or are experiencing now. It is an opportunity to thank God for all the gifts he has bestowed on us, particularly for the gift of Francis of Assisi and his evangelical life, which has become our charism, which today still has the strength to call out to women and men of all cultures, both inside and outside the Catholic Church. The Easter of Francis of Assisi reminds us that every day is an opportunity to start fresh, to renew our response to the call of the Lord. He sends us forth as brothers and sisters to the whole world, to bear witness to Him in word and deed, so as to draw everyone to the love of God. Finally, celebrating the passing of the Poverello is an occasion to remember that we are all called to holiness, and that like Francis, we are invited to reflect the beauty of the Gospel and of our Franciscan vocation, because "holiness is the most attractive face of the Church" (ref Gaudete et Exultate (Rejoice and Be Glad) 3rd apostolic exhortation of Pope Francis, 2018). Pope Leo and the Practice of the Presence of God

A German journalist recently said to Pope Leo : "tell me one book, besides St. Augustine, that we could read to understand who Robert Prevost is".

Pope Leo replied: " There's several I thought of, but one of them is a book called, **"The practice of the presence of God."** It's a very simple book, by someone who doesn't even give his last name, **Brother Lawrence**, written many years ago. But it describes, if you will, a type of prayer and spirituality where one simply gives his life to the Lord and allows the Lord to lead. If you want to know something about me, that has been my spirituality for many years.

This year we hope to feature some excerpts from Brother Lawrence's book in the OFS Newsletter.

Thanks to all contributors. Items ideally 50 to 100 words. Feedback welcome. Send items to irelandofs@gmail.com
